

## RECENT OPERATIONS

By Paul Rardin

It looks like I'm going to need a lot of help in stirring up enough fuss to get signal warnings erected at the dangerous crossings in the Lake Okeechobee Farming Region. In Pahokee and South Bay there are some very dangerous crossings and something MUST be done to protect life and limb of the motoring public.

I started this campaign for these signal lights last week by writing a series of letters to folks in certain organizations who are clothed with enough authority to erect these lights.

I wrote the division engineer of the State Road Department with offices in Fort Lauderdale. His answer this week was an excellent one. It told me how to go about getting a signal warning erected. He pointed out that "these signals are constructed by the Railway company under our (State Road Dept.) supervision and the railway company is reimbursed by the federal government through the public roads administration for the cost of construction." That paragraph cleared up the matter of who pays for the signals and who erects them. I knew already that the SRD operated and maintained them.

Then, I wrote the Florida East Coast, Railway in St. Augustine about the matter. The letter evidently received some serious consideration because the answer was from Scott M. Loftin, Trustee, of the railway. In a lengthy epistle Mr. Loftin pointed out that erection of signals will be carried out "as soon as materials are available." It is just possible that materials for the Glades jobs won't be available for a long time, but, I'm going to keep reminding Mr. Loftin and others in authority that here in the Everglades we have a lot of traffic the same as they do in East Coast cities, and that lives in this area are just as precious as they are in the tourist centers of Florida.

The sugar mill crossing between Pahokee and Canal Point and the FECRR crossing between the two towns is another question. These are both dangerous. I wrote Clarence R. Bitting of the U. S. Sugar Corporation and he referred me to the FECRR. I'm not so sure that his reference is what I want. As I understand the signal warning set-up, the owner of the railroad erects the signals. If that is the case the sugar company is responsible for the lights on the spur between Pahokee and Canal Point even though the FECRR pulls out the loaded cane cars and spots the unloaded ones. I'm going into this particular matter a little deeper.

## Five Bridges Built By County Road Crew

The county road crew last week finished rebuilding five bridges in Pelican Lake bottom where hundreds of acres of muck are under cultivation. County Commissioner Rardin said this week that lumber is as scarce as hen's teeth but that he has been able, so far, to round up enough to keep bridges in a fair state of repair. A new bridge was built on Bacom Point Road this week.

Carroll Parker, son of Mr. and Mrs. R. L. Parker of Pahokee, has signed up with the Navy and went to Atlanta on the eighth of this month and passed combat Air Corps training test. He is now training at Memphis, Tenn., and later will come to the Jacksonville base.

## Congratulations, Mr. Salvatore

### IT WAS A GOOD DAY'S WORK

We refer, of course, to your plan for giving the Everglades an additional member on the county school board

Carmen Salvatore, member of the county school board from Pahokee, is due a sincere vote of thanks from the people of the Everglades section of Palm Beach county for his initiative and dogged determination to provide this section with another member on the county school board. At Wednesday's meeting of the board Mr. Salvatore's plan bore fruit and under a new law the county was divided into five districts, thereby giving the Everglades an additional member.

A recent census placed Palm Beach county in a new population bracket and it became mandatory that the school districts be revamped to provide for five members. With 110,000 people in the county it became evident that the Everglades or sections of it would be included in a new district. That Mr. Salvatore was able to bring about a complete overhauling of the districts to provide for two board members in the Everglades instead of one, is a move worthy of commendation from all patrons of schools in this area.

A news story on this page tells of the redistricting plan. The idea of this short editorial is to pay credit to Mr. Salvatore for a job well done. On Wednesday of this week he performed another good day's work in a long calendar of events which, through the years, have made him an outstanding school official.

## Salvatore Sponsors Plan To Get New School Board Member For Everglades

Carmen Salvatore, school board member from the Everglades during the past few months has been working on a plan that would give the Everglades an extra member on the county board. Fruition of his plan became evident on Wednesday of this week when members of the county board of public instruction, redistricted the county and provided for two more members on the board in compliance with the law. The county's population recently went over the 100,000 mark thereby bringing this county into a new population bracket and under the ruling, that the school board must have five members.

The new plan calls for another member from the Lake Region—to be elected from a new district—Belle Glade, South Bay, Lake Harbor and Brown's Farm. Salvatore's home district now includes Canal Point, Pahokee and Chosen. Each of the Glades districts has a few more than 17,000 population.

Member Jack Engram's district remains the same—Lake Worth, Boynton, Delray Beach and Boca Raton.

West Palm Beach and the northern part of the county contain two

districts—Member George Slaton's district including Jupiter, Lake Park, Riviera Beach, Palm Beach, West Palm Beach south of Vallette Way and Park Place, Westgate, Military Trail and Loxahatchee. Precincts 1, 2, 3, 13, 14, 15, 16, 17, 18, 19, 31, 32 and 33.

A new district in West Palm Beach includes all of West Palm Beach north of Vallette Way and Park Place. Precincts 4 thru 12.

The population by districts is now as follows:

Dist. 1, Salvatore	17,281
Dist. 2, Slaton	23,202
Dist. 3, Engram	25,446
Dist. 4, New	17,153
Dist. 5, New	22,229

Redistricting was accomplished by passage of a resolution setting up the new districts. The resolution was offered by Board Member Salvatore of the Everglades and seconded by Member Slaton of West Palm Beach. The vote was 2 to 1 and finally Mr. Engram of Lake Worth swung over and made it unanimous. Salvatore has maintained ever since the redistricting plan became mandatory that the Everglades section of the county should have a new member. Wednesday's plan provides for just that.

## County Calls Bond Election March 19 To See If Taxpayers Want To Establish County Park Near Riviera For \$850,000

Purchase of lands on Singer island just north of Palm Beach inlet near Riviera and their development into an oceanfront public park at total expense of \$850,000, subject to the voters' approval of a bond issue, is provided by a resolution adopted by the county commission Monday afternoon. In another resolution the commission called a vote of freeholders for March 19 on the project.

A draft of the land purchase resolution, as read in part by County Attorney Harry Johnston, stated it to be the county's purpose to construct bathing beach and picnic facilities, roads and other improvements on the area, which is about 175 acres in extent, and that, of the total bond issue, \$450,000 would be used to buy the land and \$400,000 for the improvements.

Under the plan, as discussed at the meeting, payment for the land would be made in bonds dated June 1, 1946, bearing 3 per cent interest and maturing until 1971.

The remaining \$400,000, of bonds would be advertised and sold at the lowest interest rate.

The land would be acquired from the Inlet Investment Corp.

## Cadet Padgett On GMA Merit List

Milledgeville, Ga., Jan. 30.—Cadet Clarence E. Padgett, son of Mrs. Evie L. Keen of Canal Point, is making an outstanding record at the Georgia Military College this year. Cadet Padgett has the distinction of having made the Merit List every month since his entrance in September. This is an honor for high proficiency in academic work. On being asked how he maintains his high scholastic record, Cadet Padgett commented, "I have to study hard to keep ahead of the other fellows, but I enjoy it."

Donald Harrington is at home at Port Mayaca for a short furlough from his naval base in California.

## Seeks Re-Election

State Representative John Bollinger of West Palm Beach this week announces his candidacy for re-election. Mr. Bollinger has served two terms and is offering for re-election in Group One. He will oppose Russell O. Morow of Lake Worth.

## John E. Bollinger Seeks Re-Election

With continued agricultural progress given top priority in his program, twice-elected State Rep. John E. Bollinger announced this week that he will be a candidate to succeed himself as representative of Group 1 in Palm Beach County.

To his efforts and those of others is credited the fact that the Everglades Experiment Station, originator of much farm prosperity, now has a two-year appropriation of \$512,000. Formerly the station had to struggle along with \$118,000 for operations covering 24 months.

Having introduced the first bill for reappointment of the House of Representatives, he served during the 1945 extraordinary session, which became known as "the Battle of Tallahassee," as a member of the 10-man steering committee directing the fight finally resulting in adoption of reappointment.

In the regular 1945 session he continued to fight for and helped to pass a bill increasing salaries of teachers and an expanding the educational facilities of Florida.

Two years earlier Rep. Bollinger fostered and fought for a new Constitution. (Continued on Page 5)

## PTA Founders Day To Be Celebrated At Monday Meeting

Founders Day will be celebrated by the Pahokee Parent-Teacher Association at the February meeting to be held in the high school auditorium on Monday, Feb. 4, at 8 p. m. Mrs. W. F. Jernigan will present a special Founders Day program at which time all past presidents of the Pahokee PTA will be honored.

The Pahokee PTA was organized in 1929 and Mrs. L. W. Armstrong was elected first president of the organization. Successive presidents have been Carmen Salvatore, Mrs. L. L. Stuckey, Iva York, John A. Dulany, Mrs. J. E. Cochran (two terms), M. C. Garrett, Mrs. A. H. Dalton, Mrs. G. C. McLarty (two terms), Mrs. R. J. Schroeder, Mrs. J. M. Elliott (two terms), G. M. Belk and the present president, Rev. Carl A. Moberg.

Special music including two vocal solos by Mrs. Amy Whidden will be presented under the direction of Robert O. Lampi. All members are urged to attend this important meeting.

## Chastain Is Named County's Member On Drainage Board

Residents of the Lake Region and Palm Beach county were happy to hear of Governor Caldwell's appointment of R. L. (Sam) Chastain as a member of the Everglades Drainage District board. He is Palm Beach county's member on that important board and will fill the place made vacant recently by the death of Earl McDaniel of West Palm Beach. Mr. Chastain will take the oath of his office on Thursday, February 7, when the board holds its next meeting.

Mr. Chastain, a large land holder in the Lake Okeechobee Region, will be a valuable man on the board since he is well versed in the needs of the agricultural section of Palm Beach county. He has served as a member of the governor's water conservation committee and has spent a great deal of time familiarizing himself with the water control needs of the eleven counties comprising the Everglades Drainage district.

He is one of the Lake Region's largest growers and has a host of friends who will join with this newspaper in wishing him success in his new efforts on the drainage board.

## Altman-Morgan Is Chief Candidate

Altman E. Morgan will qualify with the city clerk of Pahokee this morning in order that he may be a candidate for chief of police in the forthcoming city election to be held on Tuesday, May 7. Mr. Morgan's official announcement appears in the paid advertising columns of today's newspaper.

Coming to Pahokee 22 years ago Mr. Morgan has lived here since and the major portion of the time he has engaged in farming. From 1940 to 1944 he was deputy sheriff under Jack Baker and rendered an outstanding service in that position. While deputy Mr. Morgan worked wholeheartedly and cooperatively with the police departments of Pahokee, Belle Glade and South Bay.

Mr. Morgan was born in Perry, Fla. He is a member of the Baptist church and the Elks Lodge. He was married to Miss Wilda Friend in 1927. They have one daughter, Miss Lois who is a student in Pahokee high school.

In commenting upon the race for election and the possibility of becoming Pahokee's chief of police, Mr. Morgan said he had only one statement to make. It follows: "If elected I will be Chief of Police."

Political gossip in Pahokee is to the effect that there will be several more candidates for the office of chief of police. However, Mr. Morgan is the first one to qualify and definitely throw his hat into the ring.

## Rardin Gets State Aid In Rebuilding Bridges Off Hiway

Bridges leading off the highway between Pahokee and Belle Glade are undergoing repairs this week at the hands of a state road department crew, according to County Commissioner Paul Rardin, who made arrangements last Friday with state officials for the work to be done. After an inspection trip by Mr. Rardin and a state official it was decided that the work should be started this week. On Tuesday morning a repair crew was on the job and will continue until all of the bad bridges are repaired.

## Papers Differ

The state editors showed divergence of opinion over President Truman's fireside chat. Some endorsed it, some were lukewarm and a few were flatly opposed to the view that congress is to blame for the present muddled state of affairs in Washington.

The Miami Daily News was the most ardent supporter of the Truman message. The News used two columns of its editorial page to name members of the key committees the president had accused of holding up his legislative program. The paper urged its readers to write to these men and to write or contact personally Florida's representatives and senators.

Of two Floridians in congress, the paper said: "Senator Pepper has a fine, liberal record and stands in need of little prodding. Representative Cannon, who does need some prodding, is in Washington."

Carl Hanton of Fort Myers took the other extreme of the question. The veteran editor of the News-Press claimed that if the president did stir up the people to write their congressman most of the letters would be against the administration.

"The great mass of unorganized and inarticulate citizens, to whom he appeals are by no means in favor of the bills he wants passed," Hanton singled out for particular censure the unemployment compensation bill (to Hanton it's "rocking chair money"), the FEPC, the full employment bill and the factfinding proposal for settling labor disputes.—St. Petersburg Times.

Mr. and Mrs. Raymond Caruthers had as their house guest over the weekend Miss Doris Jordan of Hialeah.

"SERVING THE GLADES"

## Cinematic Chatter

By Malcolm Millar

Bette Davis, with a new leading man, whose name is John Dall, comes into the Prince for the Sunday-Monday screening, with a very fine story under the title "The Corn is Green." The show having received more favorable comment from press and public than many former pictures of Bette's, I would say this show will be one that you will enjoy to the utmost. As it is even rated better than her famous "Dark Victory", which we played a few years back, it must be a honey.

Tuesday-Wednesday boasts a double feature, plus an added attraction. First picture up is Jack Haley and Ann Savage in "Scared Stiff", which is a comedy with some new slants, built along laughing lines only, and I know you'll enjoy every moment of it.

Second show on the bill is "Johnny Angel" which stars George Raft. . . And, by the way, George hasn't been on local screens in some time. This one is a sea story which has to do with a deserted ship at sea, blood stains, a woman's shoe and other evidence of foul play, all of which leads to a mystery, the unraveling of which promises many thrills and throat straining moments.

On the same bill comes "The March of Time, subject of which is "Challenge to Hollywood". It is of interest to all cinema goers as it tells what we can expect from the film industry in the future and reveals how the British movie makers plan bigger and better super-colossals with the idea of capturing world markets.

Thursday-Friday Noah Beery, Jr., and Bonita Granville have a very clever little comedy under the title "The Beautiful Cheat".

On the same bill comes "White Pongo", which takes us on a trek into the wastes of deepest Africa with two men from Scotland Yard on a hunt for a killer whom they suspect to be among a part of hunters.

Saturday brings Rod Cameron and Fuzzy Knight in "Trigger Trail" which is said to be average for the western variety of entertainment.

See you at the movies—Mal.

## THE WAY OF SALVATION (Third Baptist Article of Faith)

"We believe that the salvation of sinners is wholly of grace; through the mediatorial offices of the Son of God; who by the appointment of the Father, freely took upon Him our nature, yet without sin; honored the Divine Law by His personal obedience, and by His death made a full atonement for our sins; that having risen from the dead, He is now enthroned in Heaven; and uniting in His wonderful person the tenderest sympathies with Divine perfections, He is every way qualified to be a suitable, a compassionate, and an all-sufficient Saviour."

**WHAT'S AHEAD  
IN TELEPHONE SERVICE?**

In case you don't recognize me in the turban, I'm Telephone Tommy... gazing into the future. What I see is of great importance to every Floridian.

I see telephones in the future for all who want them. I see a lot of people with new jobs and steady incomes... more good customers for more businesses... added prosperity for Florida—all as a result of the tremendous expansion program started by the Telephone Company.

This program involves the expenditure of more than \$300,000,000 in the nine southeastern states and means that the present investment in telephone facilities in Florida will be practically doubled.

So, I see the need for a heap of money. This money will have to come, as it has in the past, from the savings of hard working, thrifty people.

Unless they have confidence in the safety of their investment and feel assured of a reasonable return on that investment, new funds for future expansion will not be forthcoming.

So, it is easy to see that earnings have an important place in your future telephone service.

Moberg. A most cordial invitation is extended to all service men in or out of uniform, visitors and those not affiliated with another Sunday School, to attend this Sunday, Lions Building at 9:45. ## SUNSPOTS

(By Breezy)

To clarify the question of Mr. Big and Mr. Bigger we would like to make it known that we were not working on any individuals. Any person who thinks he or she was being picked on is just too conceited. We were after every one in general for their lack of co-operation with the police department.

We learned through the sport pages of The Miami Herald, that Pahokee had a distinguished visitor last week. The occasion was the annual football banquet and the man was Jimmy Burns. Those of you who read his column on Saturday morning will realize that Pahokee got a real boost. They must have shown him a good time and given him plenty to eat. He devoted half of his column praising the football spirit and the fried chicken.

Somebody said that our Jimmy had a few words to say at the banquet, too—Jimmy Wilson. We sure would like to have been there to hoot him down. He told us that whoever was writing this column was a snake-in-the-grass, hi-yah, brother.

Here is the pay-off. All you fishermen can go back where you came from. Cracker Spooner claims that he killed a quail, this season, by knocking it down with his gun barrel. He insists he has two witnesses. We did not dare ask who as they might have similar stories.

There is an election coming up along about May 7th and as these politicians warm up we are going to warm up with them. We'll work them over as soon as we can find out who they will be. It appears that the Marshal's race will be the hottest. We have no list of candidates as yet. All we have to go by is what we read and hear from the Know-it-alls. As we gather it, the list of candidates looks like this, unofficially: Albert (I'm in) Gant, E. O. (Here I am again) Murphy, B. W. (Maybe) Wood, Bud Davis, A. E. Morgan, Spider Lindrose, I. J. Frasure, Sr., Lake Coleman, Shirley Temple, Greta Garbo and Boris Karloff. If anything further develops we will keep you posted.
